Short Term Medical

Temporary Insurance for Gaps in Health Coverage

BETWEEN JOBS

If you're between jobs, consider Short Term Medical. For about half the cost of COBRA,* Short Term Medical offers next-day coverage to help you bridge the insurance gap.

WAITING FOR EMPLOYER BENEFITS

Often new employers impose a waiting period before you're eligible for health benefits. With Short Term Medical, you stay insured and can choose your own plan duration.

TEMPORARY OR SEASONAL EMPLOYEES

When your employment schedule is unpredictable, it's hard to maintain health coverage. Short Term Medical offers you prescription drug savings and flexible coverage options to suit your situation.

NEW GRADUATES

If you've just graduated, you're probably no longer eligible for health insurance through a student plan or your parent's plan. Short Term Medical is an affordable way to guard against unexpected medical bills until you secure permanent coverage.

* Short Term Medical insurance is often a lower-cost alternative to COBRA. However, if you purchase Short Term Medical rather than maintaining COBRA coverage, you may give up your rights to coverage for pre-existing conditions or guaranteed health insurance in the future. This brochure provides a brief description of the important features of this plan. State mandated benefits, if applicable, are incorporated in your policy.

Choose the protection of Short Term Medical for gaps in health insurance coverage.

Unexpected illnesses and accidents happen every day, and the resulting medical bills can be disastrous.

Until you enroll in permanent coverage, safeguard your financial future with Short Term Medical temporary insurance. It provides the peace of mind and health care access you need at a price you can afford.

You can depend on Short Term Medical. Assurant Health was the first provider of temporary insurance in 1973 and has remained a leader ever since.

Receive access to the health care you need with Short Term Medical:

- Prescription drug coverage and card for instant savings
- Coverage as soon as the next day
- You may keep your own doctors

Simply call the number or visit the Web site listed on your medical insurance card to check if your doctor is part of the extensive provider network.

Patient Care

When you need help navigating the health care system, you can reach out to Patient Care, an independent health care advocacy service. A specially trained advocate will answer your questions and help resolve your concerns.

Premium Refunds

If you are not completely satisfied with your Short Term Medical plan, you may return the policy and identification cards within 10 days of delivery for a premium refund, no questions asked. The one-time application fee is not refundable at any time.

Follow These Four Easy Steps to Enroll:

1 Determine Whom to Cover

You may insure yourself, your spouse, and/or dependent children for one month or longer.

If you need coverage for a period between one and six months, Short Term Medical may be a good option if you do not need your plan to cover treatment for an existing medical condition. If you do, an Assurant Health individual medical plan or COBRA coverage may be better for you.

2 Verify Eligibility

Each person must be between the ages of 30 days and 64 years, 11 months. Dependents must be under the age of 25 regardless of student status.

Look at the health questions next to the **?** symbol on the enrollment form. You will not be eligible for Short Term Medical coverage if you answer “yes” to any health question.

Short Term Medical plans provide coverage for unexpected illnesses and injuries, meaning they do not cover pre-existing conditions. A pre-existing condition is a medical condition due to sickness or injury

- for which you received medical treatment or advice during the 5-year period immediately prior to your Short Term Medical effective date, regardless of whether the condition was diagnosed or not; or
- that produced signs or symptoms within the 5-year period immediately prior to your Short Term Medical effective date. The signs or symptoms either must have allowed one knowledgeable in medicine to diagnose the disorder or would have compelled a reasonable person to seek diagnosis or treatment.

If you have a pre-existing condition, treatment for that condition will be excluded from your Short Term Medical plan.

3 Design Your Plan

Your Short Term Medical plan design is based on three things:

- deductible
- length of time you need coverage
- coinsurance

Decide on the deductible right for you.

Consider the tradeoff when choosing:

- A lower deductible means you’ll pay higher premiums (the amount you pay for your health coverage) but less out of pocket initially if you get sick or injured.
- A higher deductible means lower premiums but a greater initial sum out of pocket if you get sick or injured.

To decide how long you need health coverage, consider your needs.

If you pay by the month, simply stop paying when you secure permanent health insurance.

If you already know how long you’ll need coverage, you can **save 20% on your premium** by making a single, up-front payment. Your payment is due when you enroll, regardless of effective date.

If you become ill or injured while covered by a Short Term Medical plan, your benefits may be extended:

- continued coverage at no additional cost for up to 12 months if you are hospitalized
- \$1,000 in benefits at no additional cost for up to 60 days if you have a non-disabling condition

When your plan expires, you may apply for another plan as long as you have not been insured by an Assurant Health Short Term Medical insurance plan for more than 365 days in any 555-day period. Since a Short Term Medical plan will not cover medical conditions that existed before the plan began, a new Short Term Medical plan will

not provide benefits for any condition or symptom that began during a previous plan.

Coinsurance refers to the percentage of medical bills that Assurant Health and you pay after you pay your deductible. You are responsible for a portion of the first \$10,000 in covered charges after you meet your deductible. After that first \$10,000, Assurant Health pays 100% of covered charges up to the lifetime maximum.

Here’s an example of how much you would pay in premium, deductible, and coinsurance if you broke your leg and required \$15,000 in medical treatment.

IF YOU CHOSE	EXAMPLE PREMIUM*	YOU WOULD PAY	ASSURANT HEALTH WOULD PAY
<ul style="list-style-type: none"> • \$1,000 deductible • 80/20 coinsurance 	\$86.57	<ul style="list-style-type: none"> • \$3,000 (\$1,000 deductible + \$2,000 coinsurance [20% of the next \$10,000]) 	\$12,000
<ul style="list-style-type: none"> • \$2,500 deductible • 80/20 coinsurance 	\$67.33	<ul style="list-style-type: none"> • \$4,500 (\$2,500 deductible + \$2,000 coinsurance [20% of the next \$10,000]) 	\$10,500

* Premiums shown are per-month nationwide average for a 33-year-old.

Rates are subject to change and are based on age, plan design, and geographical area. Your rate will not change during your policy period.
