## Follow These Four Easy Steps to Enroll:

### 1 Determine Whom to Cover

You may insure yourself, your spouse, and/or dependent children for one month or longer.

If you need coverage for a period between one and twelve months, Short Term Medical may be a good option if you do not need your plan to cover treatment for an existing medical condition. If you do, an Assurant Health individual medical plan or COBRA coverage may be better for you.

### 2 Verify Eligibility

Each person must be between the ages of 30 days and 64 years, 11 months. Dependents must be under the age of 18, or 24 if full-time students.

Look at the health questions next to the  symbol on the enrollment form. You will not be eligible for Short Term Medical coverage if you answer “yes” to any health question.

*Short Term Medical plans provide coverage for unexpected illnesses and injuries*, meaning they do not cover pre-existing conditions. A pre-existing condition is a medical condition due to sickness or injury

- for which you received medical treatment or advice during the 5-year period immediately prior to your Short Term Medical effective date, regardless of whether the condition was diagnosed or not; or
- that produced signs or symptoms within the 5-year period immediately prior to your Short Term Medical effective date. The signs or symptoms either must have allowed one knowledgeable in medicine to diagnose the disorder or would have compelled a reasonable person to seek diagnosis or treatment.

If you have a pre-existing condition, treatment for that condition will be excluded from your Short Term Medical plan.

### 3 Design Your Plan

Your Short Term Medical plan design is based on three things:

- deductible
- length of time you need coverage
- coinsurance

*Decide on the deductible right for you.*

Consider the tradeoff when choosing:

- A lower deductible means you’ll pay higher premiums (the amount you pay for your health coverage) but less out of pocket initially if you get sick or injured.
- A higher deductible means lower premiums but a greater initial sum out of pocket if you get sick or injured.

*To decide how long you need health coverage, consider your needs.* If you pay by the month, simply stop paying when you secure permanent health insurance.

If you already know how long you’ll need coverage, you can **save 20% on your premium** by making a single, up-front payment. Your payment is due when you enroll, regardless of effective date.

If you become ill or injured while covered by a Short Term Medical plan, your benefits may be extended:

- continued coverage at no additional cost for up to 12 months if you are hospitalized
- \$1,000 in benefits at no additional cost for up to 60 days if you have a non-disabling condition

When your plan expires, you may apply for another plan. Since a Short Term Medical plan will not cover medical conditions that existed before the plan began, a new Short Term Medical plan will not provide benefits for any condition or symptom that began during a previous plan.

*Coinsurance refers to the percentage of medical bills that Assurant Health and you pay after you pay your deductible.* You are responsible for a portion of the first \$10,000 in covered charges after you meet your deductible. After that first \$10,000, Assurant Health pays 100% of covered charges up to the lifetime maximum.

Here’s an example of how much you would pay in premium, deductible, and coinsurance if you broke your leg and required \$15,000 in medical treatment.

IF YOU CHOSE	EXAMPLE PREMIUM*	YOU WOULD PAY	ASSURANT HEALTH WOULD PAY
<ul style="list-style-type: none"> <li>• \$1,000 deductible</li> <li>• 80/20 coinsurance</li> </ul>	\$86.57	<p><b>\$3,000</b> (\$1,000 deductible + \$2,000 coinsurance [20% of the next \$10,000])</p>	<b>\$12,000</b>
<ul style="list-style-type: none"> <li>• \$2,500 deductible</li> <li>• 80/20 coinsurance</li> </ul>	\$67.33	<p><b>\$4,500</b> (\$2,500 deductible + \$2,000 coinsurance [20% of the next \$10,000])</p>	<b>\$10,500</b>

\* Premiums shown are per-month nationwide average for a 33-year-old.

Rates are subject to change and are based on age, plan design, and geographical area. Your rate will not change during your policy period.
