

Satisfaction Guarantee

If you are not completely satisfied with this plan for any reason and have not used your membership, you may return the Rx Pay Card within 10 days and receive a full refund of the plan cost.

About the Administrator

HPA is a fully licensed, full-service Third Party Administrator transacting business worldwide. Established in 1939, HPA is a third generation company providing state-of-the-art, industry-leading insurance services, including customer service, billing and reporting.

About the Pharmacy Manager

Founded in 2002, Advance Benefits develops innovative benefit designs and programs to meet the varying needs of employers and health plans. Advance Benefits is an experienced benefits management company that offers a variety of pharmacy benefits and leads the way in introducing novel programs for employers and healthcare providers.

PLEASE NOTE: Not all FDA approved Generic, Preferred or Brand name drugs are included in Tiers 1, 2, 3 or 4. A complete list of all drugs included in this plan are listed at www.hpa-inc.com. Pricing and Tier Position are subject to change without notice. Tier position and pricing is only for quantities stated; additional quantities may result in higher costs. This is not an insured product.

This brochure provides a brief description of the Rx Pay Card. Plan may not include all drugs. The drug list is subject to change with additions or deletions without notice. The Pharmacy Benefit Manager is Advance Benefits. **This plan is not an insurance plan.**

No health questions to answer; no limitation for pre-existing conditions
- **Nationwide acceptance —**
Valid at more than 42,000 pharmacies

Administered by: Health Plan Administrators, Inc.
Marketed by:

What is the Rx Pay Card?

This program is designed to save you money on prescription drug costs! We will help you find low cost medications within the same therapeutic class as a drug you may currently be taking.

This formulary program has the following benefit tiers:

First Tier: Generic Drugs

Your payment is up to \$10

Second Tier: Brand Name and Select Generic Drugs

Your payment is up to \$20

Third Tier: Brand Name and Select Generic Drugs

Your payment is up to \$50

Fourth Tier: Brand Name Drugs

We have negotiated special discount prices that save you money off the retail cost

To get the most out of this program, you should ask your doctor to prescribe a drug within Tiers 1, 2 or 3 if possible. Often drugs within the same therapeutic class can be prescribed in place of an expensive brand name drug. Of course, if you choose the higher price brand name drug, we have negotiated a substantial discount to you. Contact the pharmacy benefit manager's Help Desk and Customer Service Department toll free at 866-866-2382 Monday through Friday from 9 a.m. to 4 p.m. Eastern Standard Time.

Frequently Asked Questions

When can I begin saving on my prescriptions?

The effective date is the day after HPA's administrative office receives your application and your first month's payment. Your identification card will be mailed to you. The Member Enrollment Kit will be sent to you via email. A complete drug list is available at www.hpa-inc.com.

What is a generic drug?

Once a patent on a brand name drug expires, other drug companies may make a generic version of the drug, with the approval of the Food and Drug Administration (FDA). The FDA's standards for quality are the same for all manufacturers. This means the generic drug contains the same active ingredients as the brand name whose patent has expired, and that it is safe, potent and effective.

How can I keep my prescription drug costs down?

The use of generic prescription drugs, whenever available, is most cost effective. Don't be shy; discuss your prescription options with your doctor. Ask whether an alternative, less expensive option would work for your condition.

How will I know if a generic equivalent is available?

Simply ask your local pharmacist or call the customer service department to find out about generic equivalents for your prescription. Also ask your doctor to prescribe generics whenever possible and appropriate. (Your new member packet will include helpful materials you can share with your doctor.)

What is the difference between brand name and generic drugs?

The brand name is the trade name under which the product is advertised and sold, and is protected by patents so that it can only be produced by one manufacturer for a predetermined number of years. Once a patent expires, other companies may manufacture a generic equivalent, providing they follow stringent FDA regulations for safety. Generic drugs are drugs for which the patent has expired, allowing other manufacturers to produce and distribute the product under a generic name. Generics are essentially a chemical copy of their brand name equivalents. The color or shape may be different, but the active ingredients must be the same for both. The list contains a wide range of generic and brand name preferred products that have been approved by the FDA.

What drugs are considered preferred (formulary) on the plans?

A preferred drug list is a list of recommended prescription medications that is created, reviewed and continually updated by a team of physicians and pharmacists. The preferred drug list contains a wide range of generic and brand name preferred products that have been approved by the FDA. Your doctor can use this list to select medications for your healthcare needs, while helping you maximize your prescription drug benefit. A medication becomes a preferred drug based on safety and efficacy, then on cost-effectiveness.

What is the difference between a preferred brand name drug versus a non-preferred brand name drug?

A preferred brand name drug is a medication that has been reviewed and approved by a group of physicians and pharmacists, and has been selected for preferred status based on its proven clinical and cost effectiveness. A non-preferred brand name drug is a medication that has been reviewed by the same team of physicians and pharmacists who determined that a clinically equivalent alternative drug that is most cost effective is available. These designations may change as new clinical information becomes available.

What drugs are considered preferred (formulary) on Discount Plans?

The Rx Pay Card product guide contains certain brand drugs for which the member's price is the scheduled amount listed. Drugs that are chemically or therapeutically similar to drugs listed on the product guide are not discounted. Prices are subject to change due to manufacturer price changes to pharmacies. On these drugs, the participant enjoys two distinct discounts, one through the Rx Pay Card pharmacy network and the second through the manufacturer.

What if the brand drug I am taking is not discounted?

If you are currently taking a medication that has similar active ingredients or is used to treat the same conditions as the preferred brand drugs on the Rx Pay Card product guide, it will still be discounted. You will pay the negotiated price for that drug. To take advantage of the potential program savings on listed preferred drugs, you should ask your pharmacist (where regulations permit) or a doctor to change your medication, where medically appropriate, to a less expensive product listed in the product guide.

Is the Rx Pay Card available for child only use?

Yes, if the Rx Pay Card is for a child only (no adults will be using the card), list the child's name and information as the applicant. The parent and legal guardian must sign the enrollment form. The monthly cost is \$19.99 (same as a member). If there is more than one child to be covered, list the oldest as the applicant and the others under Children Included. The monthly cost is \$28.99 (same as a member + children).

Pharmacy Network

The Rx Pay Card is accepted at more than 42,000 pharmacies throughout the United States. The network includes pharmacy chains such as CVS, RiteAid, Medicine Shoppe, Walgreens, Wal-Mart, and more, as well as thousands of independent pharmacies throughout the country.

Calculate Your Monthly Cost

Eligible Member and/or Spouse through age 64. Rx Pay Card is not available to anyone 65 or older.

Member: \$19.99 Member+Child(ren) \$28.99 x# \$ _____

D. SIGN THE ENROLLMENT FORM

I hereby apply for membership enrollment in HPA, Inc. prescription program. I understand that acceptance of this enrollment for membership is guaranteed. I understand that the earliest my enrollment can become effective is the day after HPA's receipt of the completed enrollment form and the first month's payment. I also understand that by participating in this program external factors may force a change in monthly fee, benefits and/or preferred drug list at any time. I will be entitled to negotiated and funded discounts on eligible prescription drugs purchased from any participating pharmacy. As a member of HPA, Inc. membership program we understand that your trust in us is one of our most important assets. In order to preserve that trust, we want you to understand our information practices and your rights to ask us not to share certain information about you. As a member of this plan we want you to know the following: "THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY." Rx Options, Inc. will without your consent or authorization submit online pharmacy claim data to manufacturers, with NO member identification, for the payment of the rebates. Online Claims data will also be provided to employers and pharmacies regarding invoicing and payments in the standard NCPDP claims billing format. If you have signed up for the email online reminders regarding refills of your current medications, emails will be sent to you directly at the email address you list on your enrollment application. If you wish to revoke the right for us to use your personal health information (PHI), you must do so in writing to HPA, Inc., P.O. Box 15250, Rockford, IL, 61132-5250. Your request will be processed within 60 days upon receipt. Revoking the right for us to use your personal health information may also terminate your benefit.

Applicant's Signature _____ Date _____
 Signature authorizes release of information and enrollment into the program. The enrollment kit is sent via email. We do not have preprinted materials.
